

Project Development Phase
Sprint-2 Create Service Instance

Date	04 November 2022
Team ID	PNT2022TMID42289
Project Name	VirtualEye - Life Guard For Swimming Pools To Detect Active Drowning
Maximum Marks	8 Marks

- Log in to your IBM Cloud account, and click on Catalog
- Type Cloudant in the Search bar and click to open it.

- Select an offering and an environment
- Select region as Dallas & Type an instance name then click on create service.

The screenshot shows the IBM Cloud console interface. At the top, there's a navigation bar with 'Catalog' and 'Manage' tabs. The main heading is 'Select an environment'. Below it, there are two tabs: 'Multitenant' (selected) and 'Dedicated'. A note states: 'Your instance will be running securely on environments with shared resources.' Under 'Available regions', 'Chennai' is selected. The 'Configure Cloudant instance' section has two input fields: 'Instance name' with the value 'Cloudant-xf' and 'Resource group' with the value 'Default'. Below these is a 'Tags' field with the placeholder text 'Examples: env:dev, version-1'. At the bottom, the 'Authentication method' is set to 'IAM'. A blue button with a speech bubble icon is visible on the right side.

- The status is changed to Active and then click the instance.

The screenshot shows the 'Resource list' page in the IBM Cloud console. The page has a navigation bar with 'Skip to content', 'Catalog', and 'Manage' tabs. A sidebar on the left contains various icons for different resource categories. The main content area is a table with the following columns: Name, Group, Location, Product, Status, and Title. The table is filtered to show resources under the 'Databases' category. The first row is 'Cloudant-xf' with a status of 'Provision in ...'. Below the table, there are several expandable sections for other resource categories: Blockchain (0), Developer tools (0), Logging and monitoring (0), Migration (0), Integration (0), Internet of Things (0), Security (0), Mobile (0), and Other (0+). A blue button with a speech bubble icon is visible at the bottom right.

Name	Group	Location	Product	Status	Title
Cloudant-xf	Default	Chennai	Cloudant	Provision in ...
